An FD-302 documenting the conduct of that search is located elsewhere in this case file. Within this evidence log is documented the items seized and all search documents used in the conduct of that search.

For item 4 of this log, the "flash cash" was removed from the bag for return to the FBI as it was FBI provided funds. The "bunk meth" was removed from the bag and entered as its own evidence item. On this evidence log, there is no receipt number associated with the "bunk meth" as it was not on the receipt left with Stocker.
